

Crash Guard™ Safety Products

Improve plant safety and efficiency with Crash Guard™ by reducing the costs associated with employee injury, machinery down time, insurance claims, and building repairs due to accidental collisions.

DOOR TRACK PROTECTORS (DG)

- Chamfered edge reduces risk of hand injury when lowering door
- Wrap-around track design allows free door operation
- Projects 7" from wall
- Anchors to both wall and floor
- Powder coat finish – 6 standard colors
- Columns are 3/16" thick steel
- Base plate is 3/8" thick steel with three 5/8" holes (fasteners not included)

Protects overhead door tracks from damage, reducing overall maintenance costs.

POST PROTECTOR (PO)

- Various thickness protections available in 1/4", 3/8", and 1/2"
- Height protection available in 12", 18" and 24"
- Standard models fit around rack posts up to 4" wide
- Powder coat finish – 6 standard colors

RACK GUARD (RG)

- Heavy duty design
- Wrap-around feature protects rack from both front and aisle damage
- Bolted to floor for extra stability
- Powder coat finish – 6 standard colors

A simple and inexpensive way to absorb fork truck impact that can damage pallet rack uprights and valuable product.

BOLLARD (SRB)

- 6" I. D. sch 40 pipe
- 42" high
- 10" x 10" x 1/2" base
- Plastic Cap
- 3/4" mount holes
- 5/8" anchors provided
- Powder coat finish – 6 standard colors

Protect personnel and machinery with Crash Guard bollards. Simply bolt into position – no concrete work required.
