

DG

DG48-3

## DOOR TRACK GUARD (DG & DG48-3)

Protects overhead door tracks from damage. Wrap-around track design for free door operation. Chamfered edge for reduced risk of injury when lowering door.

- 3/16" thick steel
- DG has 3/8" x 10" x 10" steel base plate with 5/8" holes (fasteners not included)
- DG can be fastened to both floor and wall
- DG48-3 has 1/4" x 6" x 6" steel base plate and only fastens to floor (fasteners not included) 1/2" anchors recommended.
- DG48-3 is a smaller lighter model that allows for tighter fit around door track
